Anyone interested in employment can visit the mine site, located on Mineral Park Road off of Highway 93, from 7am – 3 pm Monday through Friday. Resume's may be emailed to [jobs@mineralparkinc.com](mailto:jobs@mineralparkinc.com) or faxed to (928) 565-9239.

**Safety** is a top priority for Mineral Park. All applicants are subject to pre-employment drug testing. All employees are subject to random, reasonable suspicion, and post-accident drug and alcohol testing. Impaired individuals create a safety risk for all employees and impairment will not be tolerated. Impairment can occur from prescription drugs, illegal drugs, alcohol, etc. Every mine position at the Company has been designated a safety-sensitive position that affects the safety or health of the individual or others. Our employee's safety is our number one concern.

### **About Mercator Minerals Ltd.**

Mercator is a TSX listed company ("ML") with an experienced management team that recently completed the expansion of the Mineral Park Mine, one of the largest and most modern copper/molybdenum mines in North America. The company also has a robust pipeline of projects in northern Mexico with its copper project at El Pilar and moly/copper project at El Creston. Further information on Mercator can be found at [www.mercatorminerals.com](http://www.mercatorminerals.com).
